ABOUT US

Mayfair On Main was established in 2017 with a vision to change the face of hair salons in Gibraltar through creating a friendly, professional and welcoming environment within luxurious surroundings.

With a passion for fashion and creativity we see hairdressing as an art in which the artist can create their own individual statement with every look whilst meeting the wants, needs and desires of each and every client. By sharing our vision of hairdressing as an art form we endeavor to change the perceptions of the hairdressers role within the community from a necessary but mundane one to an inspirational, artistic and creative role which many would love to pursue as a career.

Our philosophy is born from a passion for professional service, high quality hairdressing and ongoing education.

Mayfair On Main offers a first class experience, high quality service and professional advice in a friendly luxurious environment. We are constantly striving to create the perfect salon experience.

Our team of specialists are highly trained and use a combination of techniques to ensure that the successful balance of ingredients is right for each individual client.

We are dedicated to delivering the very best service possible and are constantly in touch with the latest trends and techniques to bring you the best in hair cutting & styling, creative colour, texture (curl movement & smoothing services), together with our specialised conditioning treatments.

We offer all our clients: ladies, gents and children alike, a complimentary in depth consultation to ensure that our client's personal needs and desires are properly evaluated and that the chosen style will work for them every day, not just on the day of their visit. This is coupled with the right homecare advice to help our clients maintain their chosen style effectively.

We are dedicated to offering professional salon and homecare advice and only working with high quality professional luxury haircare brands.

At Mayfair On Main we are committed to constantly upgrading our knowledge, skills and techniques in order to be at the forefront of high quality hairdressing and education in Gibraltar.

We are proud to guarantee a first class, personalised and professional experience every time.
